SELECTION OF RECENT CASES

New South Wales Court of Appeal

Sydney Trains v Argo Syndicate AMA 1200 [\[2024\] NSWCA 101](#) – Appeared for the successful appellant. The trial judge had found that although the respondent's insured had breached its contract, the respondent was not liable to the appellant because the conduct of the appellant had broken the chain of causation. The appeal from that finding was unanimously upheld, with Leeming JA delivering the lead judgment. The respondent has sought Special Leave to appeal. I am briefed (unled) to respond to the application for special leave.

C & V Engineering Services Pty Ltd v Metropolitan Demolitions Pty Ltd [\[2024\] NSWCA 52](#) – Appeared for the applicant who sought and obtained leave to appeal.

Total Construction Pty Ltd v Kennedy Civil Contracting Pty Ltd (subject to a Deed of Company Arrangement) (No 2) [\[2024\] NSWCA 22](#) – Costs argument following successfully appearing for the appellant.

Rialto Sports Pty Limited (Admins Apptd) v Cancer Care Associates Pty Limited; CCA Estates Pty Limited; Davjul Holdings Pty Limited; Armmam Pty Limited (No 3) [\[2023\] NSWCA 279](#) - Contested application on adoption of referee's report.

The Owners – Strata Plan No 84674 v Pafburn Pty Ltd [\[2023\] NSWCA 301](#) – Appeared for the successful appellant. The case involved a question of statutory construction, namely the interaction between a provision of the *Design and Building Practitioners Act 2020* (NSW) which provided that the duty of care under that Act is non-delegable, whilst also providing that Part 4 of the *Civil Liability Act 2002* (NSW)

(which contains proportionate liability provisions) applies. The Court of Appeal unanimously accepted the argument that the proportionate liability provisions contained within the *Civil Liability Act* are ousted by implication. The High Court has granted Special Leave to Appeal.

Witron Australia Pty Ltd v Turnkey Innovative Engineering Pty Ltd [\[2023\] NSWCA 305](#) – The question on appeal was whether statement was sufficient to constitute “reasons” under s 14(3) of the *Building and Construction Industry Security of Payment Act 1999* (NSW). I appeared for the appellant. The appeal was dismissed.

Total Construction Pty Ltd v Kennedy Civil Contracting Pty Ltd (subject to a Deed of Company Arrangement) [\[2023\] NSWCA 306](#) – The question on appeal was whether a document was a payment claim within meaning of s 13(1) of *Building and Construction Industry Security of Payment Act 1999* (NSW). I appeared for the appellant. The appeal was upheld.

The J & P Marlow (No 2) Pty Ltd v Joseph Hayes & Andrew McCabe in their capacity as joint and several liquidators of Peak Invest Pty Ltd (in liq), Five Islands Invest Pty Ltd (in liq), Surry Hills Pub Invest Pty Ltd (in liquidation) and Four By Four Investments Pty Ltd (in liq) [\[2023\] NSWCA 117](#) – This appeal concerned the proper interpretation of four materially identical Hotel Management Agreements, in particular whether the appellant was entitled to approximately \$8 million by way of a “*Capital Gains Bonus Fee*.” I appeared for the respondent. The court held that, on a literal and contextual construction of the agreements, the “*sale price of the Property*” did not encompass the price of the hotel business being operated on the land or the gaming machine entitlements sold together with the land. The appeal was dismissed.

Scenic Tours Pty Ltd v Moore [\[2023\] NSWCA 74](#) – Appeared for the appellant over two days in representative proceedings for the supplier of services. The primary issue concerned the statutory guarantees under ss61(1) and (2) of the Australian Consumer Law and the defences provided by s61(3). These provisions had not previously been the subject of appellate consideration. Another issue was whether the cost of airfares was recoverable under s267(4) of the Australian Consumer Law. The appeal was upheld in part, namely in relation to the s267(4) question.

Piety Constructions Pty Ltd v Hville FCP Pty Ltd [\[2023\]](#) (Appeal settled following the hearing) – Appeared for the appellant who argued that a payment schedule under the *Building and Construction Industry Security of Payment Act 1999* (NSW) served using an electronic information exchange system had not been served within the 10-day period in s14 of the Act. The amount in issue was approximately \$10 million.

Tredmore Pty Ltd v Atlas Advisors Australia Pty Ltd [\[2023\] NSWCA 60](#) – Appeared for the unsuccessful appellant and the successful cross-respondent. The appeal involved whether oral representations were made to the effect that an investment had little or no risk. The cross-appeal involved whether conduct which was found to be misleading by the trial judge was in fact misleading. The cross-appeal was subsequently the subject of an application for Special Leave which was refused.

Shoal Bay Beach Constructions No 1 Pty Ltd v Mark Hickey & the persons listed in Schedule A to the Notice of Appeal trading as Sparke Helmore [\[2023\] NSWCA 23](#) – Appeared for the appellant who succeeded before Adamson J in demonstrating that a firm of solicitors was negligent in failing to advise a property developer to issue a notice under a contract for the sale of land so as to extend the time for completion. The cross-appeal was upheld.

C&V Engineering Pty Ltd v Metropolitan Demolitions Pty Ltd [\[2023\] NSWCA 167](#) – Successfully appeared for the appellant. The primary question on appeal was whether or not there was a contract for the supply of steel. The ancillary question was whether the trial judge had erred in not allowing GST on

amounts in respect of which the appellant had succeeded at trial. The GST point was conceded by the respondent on the appeal.

Rialto Sports Pty Ltd v Cancer Care Associates Pty Limited; CCA Estates Pty Limited; Davjul Holdings Pty Limited; Armnam Pty Limited [\[2022\] NSWCA 146](#) – Appeared for the successful respondents. The respondents had each acquired commercial property “Off-the-Plan” pursuant to contracts which contained a covenant that the developer/vendor will cause the property to be constructed in a proper and workmanlike manner. Questions arose as to whether the covenant merged on completion and whether the lot owners can claim damages in respect of their respective share in the cost to rectify common property. Another question which was peculiar to one of the respondents was where the assignment of a chose in action was effective. The appeal was unanimously dismissed on all issues.

PL Town Hall Pty Ltd v The Trust Company Ltd [\[2021\] NSWCA 188](#) – Appeared for the respondent who successfully resisted a challenging to the terms of the interlocutory regime permitting tenant to recover goods from premises after conclusion of lease.

Bandelle Pty Ltd v Sydney Capitol Hotels Pty Ltd [\[2020\] NSWCA 303](#) – The question in this matter involved the proper interpretation of section 6.20 of the *Environmental Planning and Assessment Act 2017* (NSW) which itself involved the proper interpretation of savings and transitional provisions. Section 6.20 precludes a building action being brought in relation to any building work more than ten years after the date on which the relevant final occupation certificate is issued. I appeared (with a junior) on behalf of the respondent after succeeding at trial before Hammerschlag J. The appeal was upheld by a majority.

Gorman v McKnight [\[2020\] NSWCA 20](#) – Successfully resisted an appeal which sought a permanent stay of proceedings in relation to historic sexual abuse.

Mobis Parts Australia Pty Ltd v XL Insurance Company SE (No 2) [\[2019\] NSWCA 19](#) – This case was the subject of commentary in the insurance industry. Although led by Mr J E Marshall SC, David conducted the quantum aspects of the trial (which involved various questions of law), and the client was largely successful in this respect. The amount in issue was approximately \$50 million. The trial proceeded over about five weeks. The appeal from the decision was heard over 4 days in August 2018. Led by Mr J T Gleeson SC, and David conducted various aspects of the appeal: *Mobis Parts Australia Pty Ltd v XL Insurance Company SE* [\[2018\] NSWCA 342](#).

Other Cases

Kelly v Scenic Tours Pty Ltd [\[2024\] NSWSC 130](#) – Appeared for the defendant in this representative proceeding. The issue was whether the proceedings were properly commenced under Part 10 of the *Civil Procedure Act 2005*. The case also queried whether the group members’ claims involved the same, similar or related circumstances and whether the claims give rise to a substantial common question of fact or law.

In the Matter of the Pindan Group [No 6] [\[2023\] WASC 408](#) – Application by joint and several liquidators and court appointed joint and several receivers for orders pursuant to s 90-15 of the Insolvency Practice Schedule (Corporations) - Whether the applicants would be justified in entering into a deed of settlement and release.

Dickson Developments Precinct 1 Pty Ltd v Core Building Group Pty Ltd [\[2023\] FCA 1473](#) – Appeared for the successful applicant who sought judicial review of an adjudication determination in relation to construction contract. The issue was whether there was a reference date for the payment claim, being

a jurisdictional criterion for the making of the determination and whether the adjudicator's decision in relation to liquidated damages was so illogical or irrational as to constitute jurisdictional error.

Ao Qing Investment Pty Ltd v 52 Lord St East Perth Pty Ltd (No 3) [\[2023\] FCA 716](#) – Appeared for the plaintiffs (liquidators) on the defendant's application for the court to determine an issue which was presently before the Western Australian Supreme Court in which I am briefed, arising out of a collapse of a large group of property developers. The court adjourned the application.

WSP Structures Pty Ltd v Liberty Mutual Insurance Company trading as Liberty Specialty Markets and others [\[2023\] FCA 1157](#) – In February of 2023, I appeared (with a junior) before Colvin J in the Federal Court over two days on behalf of the second and third defendants (both being insurers and the primary defendants in the proceedings). The plaintiff was one of the defendants in the Opal Tower class action which settled. The plaintiff sued the second and third defendants for indemnity in relation to its liability consequent upon the settlement. The second and third defendants denied indemnity. The defendants appealed to the Full Federal Court. Judgment is reserved

Chung & Ho [\[2023\] FedCFamC1F 269](#) – Appeared for the wife in a property dispute where the husband unsuccessfully contended that the pool of assets was compromised of debts to third parties.

The matter involved a question of law under the Act which had not previously been determined. There was also a question as to whether David's client, the defendant, engaged in misleading or deceptive conduct which was largely determined favourably on the basis of cross-examination

Garwin Pty Ltd v 1A Eden Pty Ltd (No. 3) [\[2023\] NSWSC 169](#) – The question involved the terms upon which final relief should be given in circumstances where the beneficiaries of a trust, for whom David appeared, wished to procure its share of the distribution consequent upon a property development.

The Owners-Strata Plan 86807 v Crown Group Constructions Pty Ltd [\[2023\] NSWSC 44](#) – Successfully resisted an application to amend a Technology and Construction List Statement.

BCFK Holdings Pty Ltd v Rork Projects Pty Ltd [\[2022\] NSWSC 1706](#) – Appeared for the plaintiff who succeeded in demonstrating that an adjudication determination under *Building and Construction Industry Security of Payment Act 1999* (NSW) was void and that the plaintiff did not engage in misleading or deceptive conduct which was causative of any loss. The question under the Act involved the construction of s13(1C) which had not previously been the subject of judicial determination.

The Owners – Strata Plan No 84674 v Pafburn Pty Ltd – [\[2022\] NSWSC 659](#) – Successfully appeared for the plaintiff on an application to amend a pleading in relation to a claim under the *Design and Building Practitioners Act 2020* (NSW). The application involved the question as to whether a person “having substantive control over the carrying out of any work” for the purposes of clause (d) of the definition of “construction work” in s36(1) of the Act is a person who is in a position where it is able to control how the work is carried out.

Garwin Pty Ltd v 1A Eden Pty Ltd [\[2022\] NSWSC 333](#) – Successfully appeared for the plaintiff on an application for the removal of caveats.
